

WEATHER & CLIMATE CHANGE GREEN HOUSE EFFECT LTD. (W.C.C.G.H.E.L.)

Working for Climate Resilience,
Sustainable Agriculture and
a Better Tomorrow

COMPANY PROFILE

ABOUT US

Weather & Climate Change Green House Effect Ltd. (W.C.C.G.H.E.L.) is a Bangladesh-based organization dedicated to promoting climate-smart agriculture, environmental sustainability, and rural development. We work with communities, farmers, and partners to build climate resilience, improve livelihoods, and protect our planet for future generations.

OUR VISION

A sustainable future through climate action and green agriculture.

OUR MISSION

To promote climate-smart agriculture, create green employment opportunities and improve the livelihoods of rural communities through sustainable and innovative agricultural solutions.

CORE VALUES

Sustainability – We believe in long-term environmental and social impact.

Integrity – We are transparent, honest and accountable in all our actions.

Innovation – We promote modern and climate-smart solutions.

Empowerment – We empower communities and create opportunities.

Collaboration – We work together with partners for greater impact.
